Seven Purifications of the Textus Receptus, the Received Text

Introduction

Historical Bibles, English Bibles and the 1611 Holy Bible Editions have all been shown to have undergone a seven stage purification process according to Psalm 12:6-7¹.

"The words of the LORD are pure words: as silver tried in a furnace of earth, <u>purified seven</u> <u>times</u>. Thou shalt keep them, O LORD, thou shalt preserve them from this generation for ever."

The Textus Receptus or Received Text has also undergone seven purification stages according to Psalm 12:6-7, the final perfected stage being the 1611 Holy Bible, in *English*, not Greek.

This work explains these seven purification stages for the Textus Receptus or Received Text.

History of the Textus Receptus

This site² is useful for information on the publication dates of the Textus Receptus and the editors.

The writer says this:

Preface

The Bible is no ordinary book. It is not a human book. The Bible is God's inspired and infallible Word - God's Book. It is the Book which God has given to His people to teach them the Truth which they must believe and the godly life which they must live. That is why the Bible is so important for every believer. Without the Holy Scriptures the believer has no Word of God. He has no standard of what is the Truth and what is the lie, what is righteous and what is wicked.

Does this mean that the 1611 Holy Bible is "all scripture" that "is given by inspiration of God" 2 Timothy 3:16 according to that author? No. Nowhere does the author actually identify any inspired Bible. However, he provides this information.

The Greek text was readily available in the Complutensian Polyglot (1514), the five editions of Erasmus (1516-1535), the four editions of Robert Stephanus (1546-1551), and the ten editions of Theodore Beza (1560-1598). They also consulted the editions of Aldus (1518), Colinaeus (1534), and Plantin (1572).

Christopher Plantin published the Antwerp Polyglot³.

Peter Heisey, USA missionary to Romania, confirms that the King James translators specifically consulted the edition of Aldus as one of their sources for the Textus Receptus⁴.

Another useful article is that by Dr Marvin Vincent⁵ of Union Theological Seminary, 1899. Although Dr Vincent was not a Bible believer and rejected the Received Text, as the site shows, his work includes a detailed history of the editions of the Textus Receptus.

As an aside, the sheep-fleecers are still out there as Matthew 7:15 shows. "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves." This site⁶ that sets out the beliefs of the Berean Bible Church states We believe the Bible to be the inspired, inerrant and infallible Word of God (Psalm 12:6-7; II Timothy 3:15-17; I Peter 1:23-25; II Peter 1:19-21). We preach from the King James Version in our church services and support the Traditional Church Texts (Hebrew Masoretic and Greek Received Texts) passed down through the centuries ("Why I Still Use the King James Bible").

That ministry therefore appears supportive of the 1611 Holy Bible, especially with its graphics - see figure - until the writer of *Why I Still Use the King James Bible*, Pastor Kelly Sensenig, in a further article *The King James Bible versus Other Bible Translations* refers with approval to the stance of Dr Donald Waite of the Dean Burgon Society on the 1611 Holy Bible.

Unsurprisingly Pastor Sensenig then *disparages* Dr Ruckman and Sister Riplinger.

They, like this writer, profess and believe that the 1611 Holy Bible is the perfect and final fulfilment of 2 Timothy 3:16 "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness" and is superior to its Hebrew/Aramaic/Greek etc. underlying sources.

Pastor Sensenig, who is obviously a Waite-ite, of course has no such Holy Bible as a single book between two covers that he explicitly puts forward as the perfect and final fulfilment of 2 Timothy 3:16. He falsely accuses Dr Ruckman and Sister Riplinger of being "KJV-Only." They are not. Like this writer, they are KJV-Authority⁹.

By contrast, Pastor Sensenig, who arbitrarily limits 2 Timothy 3:16 to the original writers, writings and languages that he lists as Hebrew/Aramaic/Greek, has no authority higher than his own opinion about what God *really* said according to such Hebrew/Aramaic/Greek sources that he can access and interpret, linguistically. Though he preaches exclusively from the King James Bible in his pulpit, it is therefore Pastor Sensenig who has elevated *himself* in his pulpit over and above the King James Bible after the manner of Judges 21:25 "In those days there was no king in Israel: every man did that which was right in his own eyes" and Isaiah 14:14 "I will be like the most High."

Of course, Pastor Sensenig's article *The King James Bible versus Other Bible Translations* otherwise contains a lot of good information and is worth perusing for that purpose.

However, Hal Lindsey has rightly stated that the Devil will use a lake of truth to disguise a pint of poison¹⁰.

See *Postscript – How the Poison is Spread*. The Waite-ites are similar and more dangerous than Bible rejecters like Marvin Vincent. Vincent *overtly* rejected the Received Text and in turn rejected the 1611 Holy Bible but the Waite-ites are more deadly. They *covertly* sap faith in the 1611 Holy Bible as "the pure words...of the LORD" Psalm 12:6 because they do what "what the ancients of the house of Israel do in the dark, every man in the chambers of his imagery" Ezekiel 8:12 in that they insist that they have the pure Bible in Hebrew/Aramaic/Greek but as Nehemiah rebuked the enemies of Israel "There are no such things done as thou sayest, but thou feignest them out of thine own heart" Nehemiah 6:8¹¹.

Getting back to Vincent's work, he states this about Aldus' Edition and the Complutensian Polyglot.

Although the emperor had protected Erasmus's first edition against reprint for four years, it was reproduced by Aldus Manutius, with some variations, but with ...most of the typographical errors, at Venice, in 1518. It was placed at the end of the Græca Biblia, the Aldine Septuagint...

The printing of the entire work was completed on the 10th of July, 1517. But though the first printed, this was not the first published edition of the Greek Testament. Pope Leo X withheld his approval until 1520, and the work was not issued until 1522, three years after the cardinal's [Ximenes] death, and six years after the publication of Erasmus's Testament. The entire cost was about \$115,000, and only six hundred copies were printed.

This work is known as the Complutensian Polyglot...

Vincent of course lists the Elzevir Editions beginning in 1624 and including the 1633 Edition from which the term Textus Receptus is obtained.

The 1611 Holy Bible, the Perfect Textus Receptus

Dr Hills¹² makes this insightful comment.

...the King James Version ought to be regarded not merely as a translation of the Textus Receptus but also as an independent variety of the Textus Receptus

This writer believes that the 1611 Holy Bible is both an independent variety of the Textus Receptus and the authoritative, perfect final version of the Textus Receptus on the basis of the sevenfold purification process that Psalm 12:6-7 set out and is observed in the history of the Textus Receptus.

The Seven Stage Purification of the Textus Receptus

The pre-1611 editions of the Received Text may reasonably be listed as follows, combining the individual editions of each editor. The Elzevir editions are set aside because they are post-1611.

- 1. Erasmus/Aldus 1516-1535, 1518 Aldus being mainly a reproduction of Erasmus' 1st Edition
- 2. Ximenes/Stuncia/Complutensian 1522
- 3. Colinaeus 1534
- 4. Stephanus 1546-1551
- 5. Beza 1560-1598
- 6. Plantin/Antwerp
- 7. 1611 Authorized King James Holy Bible

Conclusions may be drawn from the above list that in certain respects would horrify the Waite-ites, as least by profession. Like Saul with Stephen they, like all critics of the 1611 Holy Bible, know they're wrong by means of the witness of "the true Light, which lighteth every man that cometh into the world" John 1:9 but they don't want to be put out of the synagogue, aka self-styled (Nehemiah 6:8) OOOOO – Origenistic Order of Obstinate Originals-Onlyists John 3:19, 9:22, Acts 7:58, 8:1-3, 22:19-20. They therefore will not submit to 2 Corinthians 4:1-2. "Therefore seeing we have this ministry, as we have received mercy, we faint not; But have renounced the hidden things of dishonesty, not walking in craftiness, nor handling the word of God deceitfully; but by manifestation of the truth commending ourselves to every man's conscience in the sight of God."

The historical languages Bibles, the English Bibles up to 1611 and the King James Bible Editions all fulfill Psalm 12:6-7 with respect to "*The words of the LORD*" Psalm 12:6. As shown, history shows that the Textus Receptus likewise follows a seven stage purification process as Psalm 12:6-7 set out *but its final perfected inspired form is in English*, *not Greek and is the 1611 Holy Bible*. Therefore:

Conclusions

- 1. Rome i.e. Ximenes etc. is relegated to a stage in the Textus Receptus purification process. Rome is not allowed "to have the preeminence among them" 3 John 9. God has superseded Rome's single contribution to the purification process.
- 2. The pre-1611 Textus Receptus editors are not allowed "to have the preeminence among them" 3 John 9. God has superseded their contributions.
- 3. The Greek, so-called, is not allowed "to have the preeminence among them" 3 John 9. God has superseded the Greek, so-called, with the 1611 Holy Bible English. That would make the Waite-ites etc. howl and that is God's way of revealing them for what they are because sheep don't howl. Wolves do. See remarks on Matthew 7:15 above.
- 4. The post-1611 Textus Receptus editors are not allowed "to have the preeminence among them" 3 John 9 because *God* determined how His Received New Testament Text would progress before the year 1624. The post-1611 editors contributed a name. It has stuck and is useful but that is all. However, every post-1611 scholar against the inspired 1611 Holy Bible has as "his heart's desire" Psalm 10:3 "let us make a name" Genesis 11:4 for himself, even if he has to do it by means of the Devil's lake of truth/pint of poison. See Postscript.
- 5. The 1611 Holy Bible is "the word of a king" Ecclesiastes 8:4 in English. It can be turned into 1st century Greek by reverse translation but the result is not the original nor is it authoritative because ¹³ God is finished with it. It would simply picture the original for specialist studies, with no power at all.
- 6. The 1611 Holy Bible *in English* is the language of the End Times¹⁴. *Any* language may have "the words of the LORD" Psalm 12:6 if "It is turned as clay to the seal" Job 38:14 of the 1611 Holy Bible that should be the standard for all non-English translations¹⁵. That is a further blessing from the Author of the 1611 Holy Bible in addition to superseding the Greek so-called.

7. If that is how God perceives His sevenfold purified Textus Receptus today, the sevenfold purified 1611 Holy Bible, as this writer believes that He has, then all would-be 1611 Holy Bible clarifiers, correctors, improvers etc. by means of the Greek, so-called, should pay careful attention to the following warning from a *king*, no less. Cruel and unusual punishments are no more where the 1611 Holy Bible has held sway but an offender still fossicking *for words buried in haunted Greek graveyards* still be hung out to dry and his ministry still downgraded by the Offended Party into *"the dross of silver"* Ezekiel 22:18 and *"the refuse of the wheat"* Amos 8:6. *"The word of a king"* Ecclesiastes 8:4 follows.

Ezra 6:11: "Also I have made a decree, that whosoever shall alter this word, let timber be pulled down from his house, and being set up, let him be hanged thereon; and let his house be made a dunghill for this."

Postscript – How the Poison is Spread

See this item with graphics by Pastor Kelly Sensenig.

First comes *the differentiation* between pure and corrupt scripture sources, presented with vivid and indeed helpful graphics. Who could doubt the presenters? "No doubt but ye are the people, and wisdom shall die with you" Job 12:2.

As indicated above, here is the declaration: We preach from the King James Version in our church services and support the Traditional Church Texts (Hebrew Masoretic and Greek Received Texts) passed down through the centuries ("Why I Still Use the King James Bible." Who could doubt the declarers?

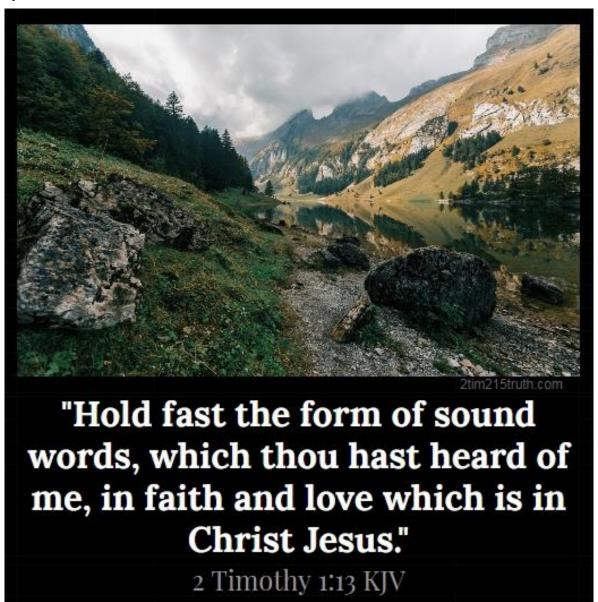

Then follows *the disclaimer* and *the denial*, emphases in original. That item by Pastor Sensenig follows, this writer's remarks in braces []:

...we must also reject the teaching of those "KJV-only" proponents (Peter Ruckman and Gail Riplinger) who claim that the English of the KJV is inspired and superior to the underlying Hebrew and Greek texts of the KJV. This is an erroneous position and error that is rejected by most loyal King James followers, Dr. Waite, being one of them, who stated: "God Himself did not 'breathe out' English, or German, or French, or Spanish, or Latin, or Italian. He did 'breathe out' Hebrew/Aramaic, and Greek" (Waite, Defending the King James Bible, p. 246). Of course, Dr. Waite is not saying that our English King James Version lacks inspiration [he is], what he is referring to is that...[no-one] can claim that every word in the English of the KJV is inspired in the same way, as the autographs (without flaw and error) [Did not the Holy Ghost give the word of God at first in the mother-tongue of the nations to whom it was addressed? Why do you speak against the Holy Ghost? – John Wycliffe¹⁷], or the descendent manuscripts in the original Hebrew and Greek text, which also preserve the inspired text [unidentified]. The English does not correct the languages; the languages correct the English [the 1611 Holy Bible lacks inspiration]. In a similar way, the Greek at times corrects the translators [the 1611 Holy Bible lacks inspiration]; the translators do not correct the Greek [the 1611 Holy Bible lacks inspiration]...Inspiration and

preservation specifically applies to the Hebrew and Greek texts - not a certain type of English language [the 1611 Holy Bible lacks inspiration]. Think of it this way; if the 1611 King James Bible with its English was the only inspired Bible, then those versions before 1611 (Tyndale's English version and all other Bible versions with a Received Text base) were not God's Word and the Church did not possess the truth until 1611. Those living in 1610 did not have the Bible. This is a rather silly and unlearned position [the same must apply to the Textus Receptus Editions in the figure. The writer ignores this]...As stated previously, the Greek corrects the English, the English does not correct the Greek [which Greek edition?]. In spite of the conclusions of the King James Only Movement, there is no such thing as double inspiration (the translators of the 1611 King James Version were inspired and the English of the King James Version is inspired) [See Isaiah 53:7/Acts 8:32]. However, we do believe that...we possess an inspired Bible that has been accurately copied and passed down to us through the transmission process [Bible unidentified].

End of item. This writer's remarks follow.

Thereby the deceivers (supposedly indubitable) dupe the victims who are as "children, tossed to and fro…by the sleight of men, and cunning craftiness, whereby they lie in wait to deceive" Ephesians 4:14. A shock awaits the deceivers who forsook "the word of a king" Ecclesiastes 8:4. At "the judgment seat of Christ" Romans 14:10 "their folly shall be manifest unto all men" 2 Timothy 3:9. Finally 18:
